Version 5.0 (TestFlight) • For iOS / iPadOS

Complete Step-by-Step Guide with Screenshots

Rev. 1 • 1 October 2026 • Antargyan AI Pvt. Ltd. • antargyan.ai

Important Note — iOS build

!

The screenshots in this guide reflect the current iOS build (version 5.0 via TestFlight). Because iOS is distributed through TestFlight for now, button positions, screen layouts and some wording may change in future builds without notice. Always treat screenshots as a close reference, not an exact pixel match.

What may change over time

- Order and position of items inside **Settings** tabs.
- Appearance of the **Login** screen (e.g. the Sign in with Google button may be enabled or disabled).
- Minor text labels on buttons (*Start Exam*, *Verify*, etc.).
- Icon style and sidebar grouping on larger iPads.
- The TestFlight access URL may be rotated — your institute will send a new link if that happens.

If your screen looks slightly different, the **flow** described in each section still applies. The whereabouts of each button and action is called out in words next to every screenshot.

Table of Contents

1. Important Note — iOS build (see previous page)
2. Install RioPlay 10 via TestFlight
3. Launch RioPlay 10
4. Sign In — Method 1: Email + Password
5. Sign In — Method 2: Email or Mobile OTP
6. Sign In — Method 3: Sign in with Google
7. Verify Your Mobile Number (first login)
8. Forgot Password — 3-step reset
9. Activate Your Course
10. Access Course Content
11. Search Course Content
12. Filter Content by Type
13. Sidebar Menu — all sections at a glance
14. Take an Exam — Start, Instructions, Navigate
15. Common Data, Read More & Question Grid
16. Submit Exam & See Result
17. Exam Reports — full history
18. Settings — Profile / Security / Notifications
19. Settings — Linked Account, Devices, About
20. Raise a Support Ticket
21. Check My Support Tickets
22. Quick Reference & Troubleshooting

2. Install RioPlay 10 via TestFlight

RioPlay 10 for iOS is distributed through Apple's **TestFlight** program. You install TestFlight first (free, from the App Store), then join the RioPlay 10 beta using the invitation URL.

Step 2.1 — Install TestFlight (if not already)

1. Open the **App Store** on your iPhone/iPad.
2. Search for **TestFlight** (made by Apple Inc.).
3. Tap **GET** and authenticate with Face ID / Touch ID / password.
4. Wait for TestFlight to finish installing.

Step 2.2 — Open the invitation link

1. Open Safari (or any browser) on the **same iPhone/iPad**.
2. Visit the invitation link: <https://testflight.apple.com/join/BMzHub2u>
3. A page opens asking you to **Open in TestFlight** — tap it.
4. TestFlight launches and shows the RioPlay 10 beta details page.

Fig. 1 — RioPlay 10 TestFlight details page (developer, version, expiry).

Step 2.3 — Accept and install

1. Tap **ACCEPT** if you see it (first-time beta tester).
2. Tap **INSTALL** to download RioPlay 10.
3. When install completes, tap **OPEN** inside TestFlight, or close TestFlight and tap the RioPlay 10 icon on your home screen.

TIP

Each TestFlight build expires every **90 days**. When close to expiry you'll see a reminder — just open TestFlight and tap **UPDATE** on the RioPlay 10 card. Your login and downloaded content stay intact.

3. Launch RioPlay 10

Fig. 2 — RioPlay 10 icon on your iOS home screen (orange shield with a play).

1. Find **RioPlay 10** on your home screen or in App Library.
2. Tap the icon. A splash with the **rioplay 10** logo appears briefly.
3. You land on the **Login** screen if you aren't signed in, otherwise directly on your **Dashboard**.

4. Sign In — Method 1: Email + Password

Fig. 3 — Login screen with 'Sign in with Google', email + password, and 'Login with OTP instead'.

1. In **Email Address**, type the exact email ID from your course access email.
2. In **Password**, type your password. Tap the **eye** icon to reveal.
3. Tick **Remember me** if this is your personal device.
4. Tap the orange **Login** button.

NOTE

The email must match exactly — check for extra spaces or a wrong domain. Passwords are case-sensitive.

5. Sign In — Method 2: Email or Mobile OTP

No password? Use the one-time code option. The system sends a 6-digit code to your email or your mobile — whichever you enter.

Fig. 4 — Enter email or 10-digit mobile and tap 'Send Code'.

1. On the login screen, tap **Login with OTP instead** at the bottom.
2. Type your **registered email** or your **10-digit mobile number**.
3. Tap **Send Code**. The code arrives by email or SMS respectively.

Fig. 5 — Enter the 6-digit code and tap 'Verify & Login'.

Enter the 6-digit code. Tap **Verify & Login**. The code is valid for 10 minutes — tap **Resend code** after the timer expires if you need a new one.

6. Sign In — Method 3: Sign in with Google

On iOS the login screen shows a **Sign in with Google** button. If your institute has linked your course access to a Google (Gmail) address, you can sign in with one tap.

Steps

1. On the login screen, tap the white **G Sign in with Google** button at the top of the form.
2. iOS opens the standard Google sign-in sheet — choose a Google account.
3. Approve the permission prompt (name, email).
4. RioPlay 10 signs you in and takes you to your dashboard.

!

If your institute has **not** set up Google sign-in for your account, the sign-in will fail and tell you to use email + password instead. The **Settings** → **Linked Account** screen says *'Linking a Google or other sign-in provider to this account isn't available yet.'* — the ability to link Google after signing in with email is still being rolled out. Signing in with Google at the login screen can still work when your institute uses Google-based accounts.

7. Verify Your Mobile Number

On first login, you are asked to verify a mobile number. This is a one-time step for content protection and support.

Fig. 6 — Enter mobile → tap 'Send OTP'.

Fig. 7 — OTP sent — enter 6-digit code → tap 'Verify'.

1. Country code defaults to **India (+91)**. Change if you are elsewhere.
2. Enter your 10-digit mobile number and tap the blue **Send OTP**.
3. A new **Enter 6-digit code** field appears. Type the SMS code.
4. Tap **Verify**. On success you go to the Dashboard.

!

If the OTP is wrong, you'll see '**Incorrect OTP.**' below the Verify button. Tap **Resend code** and try again.

8. Forgot Password — 3-step reset

Reset in 3 steps: **Identify** → **Verify** → **Password**.

Step 8.1 — Identify

Steps

3-step: Identify → Verify → Password

Pick Email or SMS

Enter your registered email

Tap 'Send OTP'

Fig. 8 — Pick Email or SMS, enter your identifier, tap 'Send OTP'.

1. On the login screen, tap **Forgot Password?**
2. Choose how to receive the code: **Email** or **SMS**.
3. Enter your registered email / mobile and tap **Send OTP**.

Step 8.2 — Verify

Enter the 6-digit code and tap **Verify OTP**.

Step 8.3 — Set a new password

Fig. 9 — Type new password twice, tap 'Reset Password'.

1. Type a strong password (min 6 chars; 8+ recommended with letters, numbers, symbol).
2. Retype in **Confirm New Password** — the app warns if they don't match.
3. Tap orange **Reset Password**. Log in with your new password.

9. Activate Your Course

Fig. 10 — Not Activated course card with 'Activate course' button.

1. Open **My Courses** from the sidebar (tap the three-line menu top-left).
2. Find your course card with the yellow **Not Activated** badge.
3. Scroll to see **Activate course** button.
4. Tap **Activate course**. A confirmation popup appears — tap **OK**.
5. Badge turns green **Active** and the button changes to **View Course**.

Fig. 11 — After activation: green 'Active' badge and 'View Course' button.

!

Activation is one-time and permanent. Once activated, the validity period starts counting down.

10. Access Course Content

Fig. 12 — Course content: player at top, search + filter, lessons list below.

1. On the course card tap **View Course**.
2. The player opens at the top (tap the **Play** icon to begin).
3. Below the player is the **Course content** list with Search and Filter.
4. Scroll to see all lessons grouped by section (General, Test Section 1, ...).
5. Tap any lesson row to open it (video, PDF, exam, or live session).

11. Search Course Content

Fig. 13 — Type a keyword — the list narrows live. The × clears the search.

1. Tap inside the **Search content...** box above the lessons list.
2. Type a word from the lesson name (e.g. 'ra live', '5 min').
3. The list refreshes on every keystroke.
4. Tap the × on the right of the box to clear and see all lessons again.

12. Filter Content by Type

Fig. 14 — Filter modal: All, Video, PDF, Exam, Live.

1. Tap the **All** chip (funnel icon) to the right of the search box.
2. A **Filter by type** modal slides up: **All** / **Video** / **PDF** / **Exam** / **Live**.
3. Tap **Exam** to see only exams. The modal closes.
4. The filter chip now shows **Exam**. Tap it again to change.
5. Tap **Cancel** at any time to dismiss the modal.

Fig. 15 — Filter set to 'Exam': only exam rows shown in the list.

13. Sidebar Menu — all sections at a glance

Fig. 16 — Sidebar: MAIN group (Dashboard, My Courses, Downloads, Exam Reports, Schedule) and ACCOUNT group (Settings, Support).

How to open it

Tap the **three-line menu** icon in the top-left of any screen. The sidebar slides in from the left. Tap outside it (on the dim overlay) or tap any menu item to close.

Items

- **Dashboard** — welcome screen with course counters.
- **My Courses** — list of all assigned courses.
- **Downloads** — videos / PDFs saved for offline playback.

- **Exam Reports** — history of every exam you attempted.
- **Schedule** — upcoming, live now, and past live sessions.
- **Settings** — profile, security, notifications, linked account, devices, danger zone, about.
- **Support** — raise a ticket or check its status.
- Your **profile tile** appears at the bottom with your name and email.

14. Take an Exam — Start, Instructions, Navigate

Exams live inside the course content list alongside videos and PDFs. Each exam has a duration, a question count, marks per question, and a pass percentage.

Step 14.1 — Open the exam and start

Fig. 17 — Exam intro: title, 'All The Best!', stats, orange Start Exam button.

1. From Course content, tap an exam row (use filter **Exam** to spot them).
2. Review title, instructions (e.g. 'All The Best !'), **Duration**, **Questions**, **Attempts**.
3. Tap orange **Start Exam** — the timer starts immediately.

4. To cancel, tap **Close**.

Once **Start Exam** is tapped, the timer cannot be paused. Ensure a stable internet connection before you begin.

Step 14.2 — The Instructions popup

Fig. 18 — The 'Instructions' popup — tap 'Got it' to continue.

At any time during the exam, tap the **Instructions** button at the bottom to re-read the instructions your teacher attached. Tap **Got it** to close the popup and return to the question.

Step 14.3 — Answer and navigate

Fig. 19 — Answered question: option 2 highlighted blue. < Prev, Deselect, Instructions, Submit at the bottom.

Buttons at the bottom of every question:

- **< Prev** — go back to the previous question.
- **Deselect** — clear your current answer.
- **Instructions** — re-open the instructions popup.
- **Submit** — finish the exam (orange button on the right).

On the first question only **Next** is shown on the left. On questions 2–N you also see **< Prev**. Your selected answers are kept when you move between questions.

15. Common Data, Read More & Question Grid

Common Data + Read More

Fig. 20 — Q1 with a Common Data block above and 'Read More' link.

Some questions share a **Common Data** block — a scenario, paragraph, or data table. The grey card above the question shows the first few lines; tap **Read More** for the full passage in a dialog. The same block often applies to the next question too.

Question Grid — jump to any question

Fig. 21 — Questions/Sections side panel with a 1–5 grid.

1. Tap the **Questions (n of N)** button in the top-right of the exam screen.
2. A side panel slides in from the right.
3. Tap any number (1 → N) to jump straight to that question.
4. Tap the × at the top-right of the panel to close.

16. Submit Exam & See Result

Fig. 22 — Result screen: Passed/Failed badge, percentage, stats, Close.

1. When you have answered the last question (or want to finish early) tap the orange **Submit**.
2. Confirm the submit prompt.
3. The result screen opens instantly — **Passed** or **Failed** badge, your % score, and the breakdown: **N/M marks · X correct · Y incorrect · Z unanswered**.
4. Tap **Close** to go back to the course.

!

If the timer hits **0:00**, the exam auto-submits with whatever answers you have. Unanswered questions count as 0 marks.

17. Exam Reports — full history

Fig. 23 — Exam Reports: aggregate stats + per-exam entries.

1. Open the sidebar (three-line icon top-left) and tap **Exam Reports**.
2. The top row shows aggregate stats: Exams Taken, Total Attempts, Passed, Failed, Overall Average.
3. Below is a list of every exam attempt, with the title, number of attempts, best score, last attempted date, and a **Passed/Failed** badge.
4. Tap ■ **N attempt(s)** — **tap to view** to see each attempt in detail.
5. Open a report to see per-question analysis (your answer vs. correct answer) when the exam allows review.

TIP

Reviewing wrong answers in **Exam Reports** is the fastest way to improve.

18. Settings — Profile / Security / Notifications

Fig. 24 — Settings → Profile tab with Email verified, Phone, DOB, Gender, Bio.

Profile tab

Shows your Full Name, Email (verified — can't be changed here), Phone (verify if 'Not verified yet'), Date of Birth, Gender, Bio. Tap **Save Change** after edits.

Security tab

Change your password: current → new → confirm → **Update Password**.

Notifications tab

Toggle on/off reminders for live sessions, course updates, support ticket replies.

Logout button

The red **Logout** button at the top signs you out on this device.

19. Settings — Linked Account, Devices, About

Linked Account

Fig. 25 — Linked Account: Google/other provider linking is coming soon.

This tab is where you will link a Google (or other) sign-in provider to your existing RioPlay account. Currently shows: *'Linking a Google or other sign-in provider to this account isn't available yet.'*

Devices

Shows every device signed in with your account, with a **N of 5 used** counter. Device removal is handled by your institute admin — contact them with the device details.

About

Fig. 26 — About tab with 'You're up to date' popup (version 5.0).

Shows App Version, Platform (iOS), OS Version, Device Model (e.g. Apple iPhone11,8), Device Name. Tap **Check for Updates** to look for a newer TestFlight build. If current, you see **'You're up to date'**.

20. Raise a Support Ticket

Describe your issue in Message

Category: Technical Issue

Fig. 27 — Support form: Name/Email/Phone auto-filled; pick Category; type Message.

1. Open the sidebar and tap **Support**.
2. The **New Ticket** tab is selected by default.
3. **Name**, **Email**, **Contact Number** are auto-filled from your profile.
4. Tap **Category** and pick: Technical Issue / Billing / Course Access / Feedback / Other.
5. Tap in the **Message** box and describe your issue in detail (up to 1000 chars).

Fig. 28 — Attach optional file, solve 'I'm not a robot', tap SUBMIT TICKET.

1. Optionally tap the **Attachment** upload area to add a screenshot or short document (PNG / JPG / PDF / DOC, max 3 MB).
2. Solve the **I'm not a robot** captcha.
3. Tap orange **SUBMIT TICKET**.
4. A green banner confirms with your ticket number (e.g. **TKT-20261001-004**).

21. Check My Support Tickets

Fig. 29 — 'My Tickets' tab shows each ticket with status, date, message and attachment.

1. Open **Support** from the sidebar.
2. Tap the **My Tickets** tab.
3. Each ticket shows: ID (e.g. #TKT-20261001-004), category, date, message, attachment and status pill (**Open / In Progress / Resolved**).
4. Tap a ticket to expand and see replies.
5. Tap **Refresh** top-right to fetch the latest replies.

TIP

You can reference your ticket number on WhatsApp at **+91 89837 89829** for faster help.

22. Quick Reference & Troubleshooting

TestFlight says 'Beta expired'

Open TestFlight → tap **UPDATE** on the RioPlay 10 card. If your invite also expired, ask your institute to re-share the TestFlight link.

The TestFlight link isn't opening

Install the **TestFlight** app from the App Store first, then tap the invite link again.

Sign in with Google says 'account not found'

Your course access email may not be a Google (Gmail) address. Use email + password instead with the credentials from your course access email.

Videos buffer on 4G

Switch to Wi-Fi, or tap the  arrow next to a video to download it for offline playback.

Exam auto-submitted — timer ran out

Open **Exam Reports** to see your score. If attempts remain, retake the exam.

App icon disappears after a few weeks

TestFlight betas expire every 90 days. Open TestFlight and re-install RioPlay 10.

How to sign out of the app

Settings → **Profile** → **Logout** (red button at the top).

Can I use iPad?

Yes — iOS and iPadOS use the same app. iPad users may see a slightly wider layout.
